The Dewan of Mysore,

Sir

We hear that a portion of the mango tope to the north of Sri Ramaswara Swami Temple in Chamarajapet is to be - utilized for the construction of a Hostel for Sanskrit - students and ~~that~~ the rest formed into cottage sites to be disposed of by public auction without any class restrictions The tope in question is in front of and very close to the Temple If all classes are allowed to bid for the sites it is not improbable that some of them will be acquired and built upon by non-vegetarians Even if they should be ~~xxxxx~~ reserved for vegetarians only they will be built upon by a class of people who require stabling accommodation A number of stables and, as a necessary adjunct, quarters for low class non-vegetarian syces and coachmen are therefore sure to spring up right in front of the main entrance of the Temple and on the western side of the proposed Hostel, which is also a sacred and quasi-religious institution As this will be a great nuisance to devotees frequenting the Temple and the residents of the surrounding locality, we most respectfully pray that the tope may be formed into suitable house sites and granted only to vegetarians If however some consideration has to be shown to non-vegetarians also we beg to suggest that a portion of the tope abutting the Albert Victo Road (i e the 'First Main Road') may be formed into one or two cottage sites and sold without any class restriction

the

the rest at least being formed into house sites for vegetarians only

In this connection we may state that when the Chamarajpet extension was formed during the Late Sir Seshadri Iyer's regime it was distinctly understood that the surroundings of the site allotted on account of the Temple should be reserved for Brahmins only, and a number of houses have been built exclusively by Brahmins on that understanding

We beg to subscribe ourselves,

Sir,

Adverting to your letter No.2924/Ml.256-14-11 dated 11th October 1915, I have the honor to state that so long as the cottage site opposite the Temple is reserved for a vegetarian, the occupation of the remaining 4 cottage sites by vegetarians also need not be insisted on. Each of these cottage sites is 183' X 105' or over 17 guntas and the biggest building that is likely to be built will not be more than 80' X 50' or roughly more than 4 guntas so that a sufficiently large open space will be left all round the building to meet any sentimental objections. I am therefore of opinion that the relaxation of rules contained in para 3 of the Government Order No.10294-344/Ml.203-14-2 dated 18th June 1915 is unnecessary in this case.

2. I may mention in this connection that the owner of the mango
